PROFESSIONAL SUMMARY

2025 B.Tech ECE graduate and IT fresher with Python internship experience. Built educational ML/NLP and document-retrieval applications alongside analytics and BI projects. Seeking entry-level AI/ML, Python or Data Analyst opportunities.

SKILLS

Programming: Python, Pandas, NumPy, SQL, MySQL, C, C++; Git, GitHub, VS Code, Jupyter.
Analytics: Excel (Pivot Tables, VLOOKUP), Power BI, Tableau, DAX, EDA, KPI reporting, data cleaning.
AI/ML: scikit-learn, TensorFlow, Keras, NLTK, NLP classification, model evaluation, RAG, vector search.
Professional: Problem solving, analytical thinking, communication, collaboration, attention to detail.

SELECTED PROJECTS

Multilingual Indian Language Knowledge Base | Python, FastAPI, NLP
Portfolio application for multilingual document retrieval and answers; optional LaBSE and LLM paths with a local fallback.

Document Q&A Bot | Python, RAG, Embeddings, Vector Search
Document ingestion, chunking and evidence-linked retrieval with reusable Python modules.

TransactionShield | Python, scikit-learn, FastAPI, React
Synthetic-only fraud-risk scoring prototype; evaluation pipeline, API endpoints and dashboard.

Zomato Insights Dashboard | Power BI
Restaurant ratings, cuisines and pricing explored with KPIs, DAX and interactive slicers.

INTERNSHIP

Python Intern | Edugene Technologies | Feb - Aug 2025
Guided Python work on data structures, functions, file handling, automation, debugging and data preparation.

EDUCATION - OFFICIAL MARKSHEET RESULTS

B.Tech Electronics & Communication Engineering | CMR Institute of Technology | 2021 - 2025
First Class | CGPA 7.03/10 (supplied consolidated grade sheet, July 2025).
Intermediate MPC | Sri Sathya Sai Junior College, Anantapur | 2021 | 864/1000 (86.4%).
SSC | AP Model School, Anantapur | 2019 | GPA 9.2/10.

RELEVANT TRAINING

AWS Academy: Cloud Developing (40h), Data Engineering (40h); EduSkills: Data Engineering, Google AI-ML, Google Android, Blue Prism Intelligent Automation; NSIC Entrepreneurship Orientation.
